Eurol Super 2T Formax

Fully synthetic 2-stroke oil for very heavy duty engines

Article number E128433 Version 1.0 25/04/2025

Product information

Eurol 2T Formax is a fully synthetic 2-stroke engine oil for the lubrication of air- and water-cooled 2-stroke engines. It is suitable for use in premix and oil injection systems with both leaded and unleaded gasoline.

Eurol 2T Formax is recommended for highly loaded 2-stroke engines in applications such as racing, motocross, competition, chainsaws, Jet Ski, and go-kart. The strong lubricating film remains intact even in these applications and at high temperatures, ensuring excellent lubrication of cylinders and bearings at all times.

Eurol 2T Formax has excellent detergent properties, preventing deposits and keeping exhaust ports and spark plugs clean.

Eurol 2T Formax offers excellent protection against rust and corrosion and prevents wear of parts under heavy load.

Due to special additives, Eurol 2T Formax is a low-smoke product that produces less odor. Eurol 2T Formax is also suitable as snowmobile oil or chainsaw oil.

- Recommendation: Always adhere to the manufacturer's mixing ratio.

Performance level

- API TC+
- Husqvarna 242
- Husqvarna 346
- ISO-L-EGD
- JASO FD
- Piaggio Hexagon
- TISI

Physical properties

Characteristic	Value/Result	ASTM Standard
Color	brown	
Density at 20°C	0.88 kg/l	ASTM D 4052
Viscosity, kinematic at 40°C	60.3 cSt	ASTM D 445
Viscosity, kinematic at 100°C	10.0 cSt	ASTM D 445
Viscosity Index	152	ASTM D 2270
Flash Point	81 °C	ASTM D 92
Pour point	-51 °C	ASTM D 97
